By completing this form and participating in the this program, you must confirm that you and your child will abide by the most current guidelines from the city, county & federal authorities.

Please be aware that our ability to continue to practice on City fields depends on your compliance with all these requirements.

You understand that Return to Play is a voluntary decision and every family's decision will be respected by the club and its members.

You attest that you and your child have reviewed the attached document that identifies ways to prevent the Spread of COVID-19.

You attest that you will not send your child to practice if their temperature is above 100.4° F or if they have COVID-19 symptoms based on CDC guidelines.

<https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>

You attest that if your child has displayed COVID-19 symptoms, you will not allow them to return to practice until they have tested negative for COVID-19 and provide a medical professional's clearance; or at least 10 days have passed since the onset of symptoms, and at least 3 days (72 hours) have passed since recovery (no fever without the use of fever reducing medication).

You are encouraged to drop off your child at the beginning of practice and return at the end of practice to pick them up. If you stay in the park, you must do so from pre-designated areas, wear masks, while keeping proper distancing from athletes and other parents. No parents on practice field area, players, coaches & club staff only

You understand that sessions will be organized in stable groups of 12 participants. There will be no interaction (i.e. scrimmaging) between different stable groups. Per the City protocols your child must remain in their assigned stable group throughout the program.

You attest that you and your child will refrain from unnecessary physical contact with others, including hugs, high fives, and fist pumps which are not permitted per the County protocols.

Your child will sanitize their hands at designated times in practice. The team will provide sanitation stations, but request that each player bring their own bottle of hand sanitizer. Equipment bags must be kept within the area for each stable group, and each bag must be 6 feet from each other.

Your child must bring enough water as drinking fountains will not be available.

I agree to follow any club instructions as they are amended in line with City policies.
